

WAUKEGAN NATIONAL

ABOUT THE AIRPORT

Waukegan National Airport (UGN) is a general aviation airport in northeast Illinois approximately 35 miles north of Chicago. The Airport is publicly owned and operated by the Waukegan Port District. The Airport serves as the aviation headquarters for several of Chicagoland's Fortune 500 corporations which are the largest employers in Lake County. As a result, UGN is heavily used by long range jets and transport aircraft and supports daily corporate and business flying. The Airport is also recognized as an international port of entry that allows UGN to support daily international arrivals and departures. UGN also supports military activity, medical and humanitarian operations, and flight schools. The Airport also supports the community by hosting awareness events and by participating in education programs for elementary school students.

To understand the geographic reach of UGN, the map below illustrates the domestic origin and destination flights into and out of the Airport in 2019.

WHAT IS ECONOMIC IMPACT?

REGION 1

IDOT District 1

Region 1 is located in northeast Illinois and encompasses the Chicago Metropolitan Area, also known as Chicagoland, that borders Wisconsin, Indiana, and Lake Michigan. Thirty-six Fortune-500 companies have a presence in the Chicago area and act as significant economic drivers for the region. The Region's 17 airports support passenger, recreational, and business users within Illinois and in bordering states. Chicago O'Hare International Airport (ORD) and Chicago Midway International Airport (MDW) are two of the largest and busiest airports in the state and serve as international hubs for passenger travel. In 2019, Region 1's airports generated 375,370 jobs, \$25.5 billion in labor income, \$42.7 billion in value added, and \$73.5 billion in total economic impact.
